Note to Registrants:

A DUNS number, provided by Dun & Bradstreet (D&B), is required for registration in Central Contractor Registration (CCR). As a result, D&B may include your basic information (i.e. company name, address) in some of their products, such as mailing lists. If at anytime you do not wish to be included in these D&B products or have questions please contact them at 1-866-705-5711.

D&B D-U-N-S® Number Guide for Government Contractors & Grantees

Assignment of a D-U-N-S® number is absolutely FREE for all entities required to register with the federal government by a regulatory agency. This includes federal contractors, prospective government vendors and applicants and recipients of federal grants.

D&B offers two options for obtaining a D-U-N-S® Number:

1. **Web Registration**

Please click here and provide the requested information about your business or organization. Within 48 hours, D&B will contact you via electronic mail with your D-U-N-S Number.

2. **Telephone**

Please contact D&B's Federal Government D-U-N-S® Number request line at:

866.705.5711

The process to request a D-U-N-S® Number by telephone takes between five and ten minutes. You will need to provide the following data elements to obtain a D-U-N-S® Number.

About the D&B D-U-N-S® Number

Created in 1962, the Data Universal Numbering System or D-U-N-S® Number is D&B's copyrighted, proprietary means of identifying business entities on a location-specific basis. Assigned and maintained solely by D&B, this unique nine-digit identification code has been assigned to over 84 million businesses worldwide.

A D-U-N-S® Number remains with the company location to which it has been assigned even if it closes or goes out-of-business. The D-U-N-S® Number also "unlocks" a wealth of value-added data associated with that entity, including the business name, physical and mailing addresses, tradestyles ("doing business as"), principal names, financial, payment experiences, industry classifications (SICs and NAICS), socio-economic status, government data and more. The D-U-N-S® Number also links members of corporate family trees worldwide. The D-U-N-S® Number is widely used by both commercial and federal entities and was adopted as the standard business identifier for federal electronic commerce in

How to Know Your Registration Was Successful

You will be unable to submit your registration on-line unless all of the mandatory information is provided. You will be notified of missing information by a list of 'errors' on each page when you click "Validate/Save". Once you have provided the information click "Validate/Save" again to verify that all necessary fields are filled.

If your registration was submitted successfully then you will you receive two letters via U.S. mail or E-mail. This first notice is to welcome you to CCR and will include a copy of your registration. Please make sure you review the registration for accuracy.

The second notice contains your confidential Trading Partner Identification Number (TPIN). The TPIN is sent separately for security reasons. Receipt of your TPIN not only confirms that you are successfully registered in CCR, it is required to make or request any changes or updates to your active registration. The TPIN is your confidential password, to change your CCR information. The TPIN is not to be used on contracts or other government paperwork.

In addition to receiving these letters, you can verify the status of your registration on-line by visiting CCR's homepage at www.ccr.gov and clicking on "Search CCR". When prompted, enter your DUNS number and click "Search". The registration status is located at the top of the page.

Or

You may confirm your registration by calling the CCR Assistance Center at (888) 227-2423 or (269) 961-5757 (DSN: 661-5757) internationally.
